

SunExpress

ENVIRONMENTAL AND OCCUPATIONAL HEALTH & SAFETY POLICY

SunExpress places the greatest importance in protecting the environment, health and welfare of its employees, neighbors, customers, vendors, partners, visitors and others who may be affected by our activities.

We will:

- Provide a safely workplace by preventing of employees from exposures of potential harmful conditions, injuries, incidents and ill health,
- Progress the operation with considering the protection of natural environment by mitigating adverse climate change effects of the operation, protecting the biodiversity and ecosystem, using sustainable resources, restoring air and solid qualities, preventing the pollution and mitigating waste, noise, emissions productions and water and energy consumptions,
- Operate in compliance with relevant national and related international regulations, obligations and other applicable requirements,
- Continually improve our Management System and environmental, occupational health & safety (OHS) performance by:
 - Periodically reviewing the environmental aspects, risks and opportunities and OHS hazards and risks of our operation;
 - Clearly defining, setting, monitoring, measuring and periodically reviewing the effectiveness of objectives and targets with the aim to reduce environmental impacts and OHS hazards and risks.
- Ensure awareness of all persons under the control of organization by means of training in order to prevent accidents, any injuries and ill health or environmental impacts within our airline operation.
- Promote joint consultation and communication regarding our Management System and environmental and OHS performance honestly with our employees, neighbors, customers, vendors, visitors and any other interested parties.
- Review periodically the effectiveness of the SunExpress policy.
- Support the E&OHS Committee to ensure active participation and involvement of our employees.

This policy will be communicated to all parties interested in the performance of our environmental and OHS management system.
